Dear Sir:-

I have a daughter who is looking for a place where she may find employment thru vacation this summer, she's working to put herself thru college ^{as} it is in school at Scripps College for Girls ^{as} Pomona both of which are at Claremont,

She is head waitress at Scripps College, she is quick ^{as} alert ^{as} of good personality ^{as} can furnish all kinds of good recommendations.

Have you got a good place where you can use a good girl? If so would you kindly consider
